The pricing in this catalog supersedes all others

Panther American manufactures and distributes a line of electrical and plumbing products. This line consists of pipe hangers, supports, hardware, hanging and fastening devices.

We are continually expanding our tooling and product line to meet our customers requirements. The 50 years plus metal fabricating experience our parent company, Wood Brothers Steel Stamping Inc., holds, allows our engineering department to produce tooling for specialty and non-cataloged items.

Customer service has and will always be our number one priority. Panther American's goal is to ship all stock items within 24 hours of receipt. Our facility allows us the capability of maintaining a high volume of inventory for prompt shipping of your orders.

On behalf of our entire staff, we welcome the opportunity to establish a long and lasting relationship.

Cordially,
Gerald G. Scully
President
